**Hearing Aid Recycling  
Program (HARP)**

## ABOUT THE HARP

The Hearing Aid Recycling Program (HARP) provides FREE hearing tests and hearing aids to people in Dane County who cannot afford them. The HARP is funded by donations from the UW Speech and Hearing Clinic and from local community members.

## HOW TO GET HEARING AIDS THROUGH THE HARP

- 1** • Fill out the HARP application and mail it in. It is on the internet at [csd.wisc.edu/harp](http://csd.wisc.edu/harp). If you don't have a printer, call 608-262-3951 and ask us to mail it to you.
  - It is ok if a family member or helper fills it out for you.
- 2** • You will get a letter from the HARP when you have been approved. Once you get the letter, you can call to make an appointment for a hearing test at the UWSHC.
  - You will have your hearing tested. If you need hearing aids, the audiologist will make a personalized recommendation.
- 3** • You will return to the UWSHC to be fit with hearing aids in about 3 weeks. You will not need to pay anything.
  - You will come back for adjustments after you have worn the hearing aids for 2-3 weeks.
  - If you have problems with the hearing aids, the HARP provides a one-year warranty.
