

# Students of Color

## Affinity Space and Task Force

The Students of Color Affinity Space and Task Force welcomes undergraduate and graduate students in the Department of Communication Sciences and Disorders who identify as Black, Indigenous, and/or People of Color.

### **Affinity Space**

Students of color experience unique challenges in higher education. The affinity space offers a safe and supportive community for students. We will host monthly informal meetings to share experiences, resources, and mentorship.

### **Task Force**

The task force aims to advocate for and educate underrepresented groups in the community about opportunities in our fields. We will work closely with other task forces in the CSD DEI committee to plan and engage in community outreach and other initiatives to diversify our fields.

---

### **Background**

Two MS-SLP students and a CS&D undergraduate student are working to make the Students of Color Affinity Space a registered student organization this upcoming 2022 school year. We are excited to welcome students who are interested in joining these groups as members or in leadership roles.

[If you are interested in joining one or both groups, please email dxiong52@wisc.edu](mailto:dxiong52@wisc.edu)
